Backboards

Today's telecommunication companies are busier than ever keeping ahead of customer demand for fiber technology through the FTTH deployment currently underway. As a major OSP tool provider, U-TECK endeavors to make this high growth period as easy as possible by offering quality, ready-to-install, mounting boards to fit all of your equipment mounting needs.

Our backboards are constructed of 3/4" AC grade interior plywood and painted with gray fire retardant intumescent paint. There are many size configurations available and each board has pre-drilled mounting holes. An outside testing facility subjected our boards to a flame spread and smoke development burn test, per ASTM E84, and rated our boards to be Class A compliant.

Ordering Information

Product Number	Description
50104	Backboard (47 15/16" x 48" x 3/4")
501079A-FR	Backboard 79A (4-15/16" x 12-1/2" x 3/4")
501081-FR	Backboard 81 (12-1/2" x 25-1/2" x 3/4")
501082A-FR	Backboard 82A (6-3/4" x 38-1/2" x 3/4")
501082B-FR	Backboard 82B (9-3/8" x 54-7/8" x 3/4")
501082C-FR	Backboard 82C (11-7/8" x 55-5/8" x 3/4")
501082D-FR	Backboard 82D (6-3/4" x 21-3/8" x 3/4")
501082E-FR	Backboard 82E (14" x 24-3/4" x 3/4")
501082F-FR	Backboard 82F (14" x 45" x 3/4")
501082G-FR	Backboard 82G (9-3/8" x 63" x 3/4")
501082H-FR	Backboard 82H (17" x 26" x 3/4")
501082J-FRG	Backboard 82J (24" x 36" x 3/4")
501082K-FR	Backboard 82K (24" x 48" x 3/4")
501082L-FR	Backboard 82L (24" x 24" x 3/4")
501082M-FR	Backboard 82M (48" x 96" x 3/4")
