# MASTER 8”
## Confined Space Ventilator
## A-M08-25

## Features

- Best in class airflow of 930 cfm for personal safety
- Dual walled polyethylene housing design, delivers exceptional durability and long life
- 8 motor mount vanes in separate poly sleeve to absorb external forces without disturbing the internal mechanisms or airflow
- Rubber draw latch for easy tool-free attachment to canister
- 25' single ply PVC vinyl coated polyester ducting with a standard fastening cuff at the end
- MASTER yellow for high visibility and increased safety
- Stackable for efficient storage and work space
- Lightweight (15lb/6.8kg) for easy portability
- ETL listed for compliance with North American safety standards

MASTER® 8" Confined Space Ventilator with Attached Ducting/Canister all-in-one unit
The MASTER 8" ventilator is lightweight and has a small diameter, making it ideal for use where space is at a premium. It comes complete with 25' of ducting in an integrated duct carrier for greater convenience.

The ventilator and ducting/canister all-in-one unit can be purchased as a complete unit or as separate pieces. MASTER - The professional’s choice since 1953
