

REEL DEAL REEL CADDY

Storing, transporting, and using your cable reels and pull lines on-site is no longer a multi-step process. With the new U-TECK Reel-Deal™ Reel Caddy, you can do all of this with one simple tool.

FEATURES:

- Constructed from 3/4" impact resistant plastic
- High visibility safety yellow
- Quick release spindle construction for easy reel loading
- Pivoting, rubber feet and wide base prevents sliding or tipping
- Compact design perfect for storage and transport
- Made in America

Made from solid 3/4" impact resistant plastic, the Reel-Deal™ can handle the everyday wear and tear all of your equipment is subjected to, and then some. The non-fading safety yellow color gives you extra visibility. Notched handle makes for easy pick-up and go!

Most reel caddy's have wheels or simple, easy to tip steel framing. The most import feature that makes the Reel-Deal™ stand out from the rest is the stout, compact design and pivoting rubber feet that allows on-the-spot security with no slipping, no tipping, even on unlevel terrain. Holds reels with a combined weight of up to 200 lbs!

Whether you do work for telecoms or CATV's, the Reel-Deal™ Reel Caddy is ready to go to work for you.
